

KHUSHBOO YADAV

Full Stack Software Developer

+91-9136827371 | yadavkhushboo7653@gmail.com | Mumbai, India

PROFESSIONAL SUMMARY

Results-driven Full Stack Software Developer with 4+ years of experience building scalable web applications and progressive web apps. Proven expertise in MERN stack, fintech solutions, and real-time systems. Strong background in financial technology including Loan Management Systems (LMS), Loan Origination Systems (LOS), and collection management platforms. Experienced in logistics systems, enterprise-level applications, team leadership, cloud infrastructure management, and delivering high-performance solutions in fast-paced environments.

TECHNICAL SKILLS

Programming Languages:	JavaScript, HTML5, CSS3
Frontend Technologies:	React.js, Redux, Zustand, PrimeReact, TailwindCSS, Bootstrap, Material UI, Responsive Design
Backend Technologies:	Node.js, Express.js, REST APIs
Databases:	PostgreSQL, Firebase, Supabase, MongoDB
Cloud & DevOps:	AWS EC2, AWS Lambda, AWS S3, Supabase Storage, Git, JIRA
CMS & Platforms:	Custom CMS Development, Wix, Zerodha Kite
Architecture & APIs:	MVC Architecture, JWT Authentication, Account Aggregator, Banking APIs, WebSocket, Socket.io
Leadership:	Team Management (4+ members), Project Delivery, Client Collaboration

PROFESSIONAL EXPERIENCE

Full Stack Developer Totality Solutions Pvt. Ltd.	Oct 2025 – Present
- Led frontend and full-stack development using React.js, Redux, and Zustand for scalable state management across multiple product lines. - Successfully delivered 5+ client-facing websites and web applications within 8 months, consistently meeting deadlines and quality benchmarks. - Managed and mentored a team of 4 developers, conducting code reviews, sprint planning, and ensuring adherence to best practices. - Administered AWS infrastructure including EC2 instances, Lambda functions, and S3/Supabase storage for robust cloud-based deployments. - Architected and built a custom CMS enabling non-technical stakeholders to manage content efficiently, reducing update turnaround time significantly. - Collaborated cross-functionally with design, product, and backend teams to translate requirements into polished, production-ready solutions.	
Full Stack Software Developer Networth Tracker Solutions Pvt. Ltd.	Oct 2024 – Sep 2025
- Architected and developed a comprehensive Progressive Web Application (PWA) using React.js and Node.js with Firebase backend, implementing MVC architecture for optimal scalability. - Engineered advanced financial features including transaction tracking, goal planning system, financial calendar, and interactive KPI dashboards for enhanced user financial management. - Integrated Account Aggregator APIs, multiple banking APIs, and third-party Demat services to provide real-time financial insights and portfolio analysis. - Implemented WebSocket technology for real-time data updates, improving user experience and system responsiveness by 40%.	
Frontend Developer GOFINTECH – Fintech Product & Services Company	May 2024 – Oct 2024

- Developed comprehensive Loan Management System (LMS) and Loan Origination System (LOS) interfaces using React.js, PrimeReact, and TailwindCSS.
- Built intuitive collection management dashboards with advanced filtering, sorting, and data visualization capabilities for loan portfolio management.
- Implemented state management using Redux for complex financial data flows and real-time updates across multiple system modules.
- Created responsive and accessible fintech interfaces following industry best practices for financial application user experience.
- Collaborated with backend teams to integrate APIs for loan processing, customer onboarding, and collection workflows.

Software Developer

Jan 2023 – May 2024

Agarwal Packers and Movers (APML)

- Developed comprehensive logistics dashboards featuring geospatial data visualization and real-time shipment tracking capabilities for APML Screen application.
- Built and maintained multiple shipment tracking systems (MXL/SXL/ODD/CAR) integrating Google Maps APIs and MongoDB for efficient data management.
- Utilized MERN stack for full-stack development and deployed applications on AWS EC2, ensuring 99.9% uptime and optimal performance.
- Collaborated with cross-functional teams to deliver high-quality logistics solutions serving thousands of daily shipments.

Frontend Developer

Feb 2022 – Dec 2022

Autowhat

- Developed responsive web applications using React.js and Wix platform based on detailed client specifications and design requirements.
- Ensured cross-browser compatibility and mobile responsiveness across all delivered projects.
- Collaborated directly with clients to understand requirements and deliver pixel-perfect implementations.

KEY PROJECTS

Networth Tracking App (PWA)

Oct 2024 – Sep 2025

- Developed unified personal finance platform with comprehensive KPI dashboards, financial calendar, and goal tracking functionality.
- Integrated banking and Demat account data using Account Aggregator framework for secure financial data access.
- Built using React.js, Node.js, and Firebase with real-time synchronization capabilities.

Vision: Non-Banking Exchange Platform

Jan 2024 – Apr 2024

- Architected digital NBFC exchange platform using MERN stack with MongoDB Realm for real-time data synchronization.
- Achieved 30% efficiency improvement in transaction processing through optimized database queries and caching strategies.
- Implemented real-time chat functionality using Socket.io for enhanced user communication.

APML Real-time Logistics Dashboard

Jun 2023 – Sep 2023

- Built high-performance real-time logistics tracking dashboard with Kepler.gl for advanced geospatial visualization.
- Implemented MVC architecture using React.js for scalable and maintainable codebase.
- Optimized performance to handle thousands of concurrent tracking updates with minimal latency.

EDUCATION

Master of Computer Science

GPA: 8.89/10

University of Mumbai, Kalina Campus Sep 2021 – May 2023

Bachelor's of Computer Science

GPA: 8.06/10

Ramniranjan Jhunjhunwala College July 2018 – May 2021

LANGUAGES

English Professional Proficiency	Hindi Native Proficiency	Marathi Working Proficiency
